NYTD ELEMENT #34: OUTCOMES REPORTING STATUS (OUTCMRPT)

Definition

The outcomes reporting status represents the youth’s participation, or lack thereof, in the outcomes data collection. If a youth is in the baseline or follow-up sample or population, but the State agency was unable to collect the information, the reason is indicated. The valid response options for this element are described below.

- **Youth participated**: The youth participated in the outcome survey, either fully or partially.
- **Youth declined**: The State agency located the youth successfully and invited the youth’s participation, but the youth declined to participate in the data collection.
- **Parent declined**: The State agency invited the youth’s participation, but the youth’s parent/guardian declined to grant permission. This response may be used only when the youth has not reached the age of majority in the State and State law or policy requires a parent/guardian's permission for the youth to participate in information collection activities.
- **Incapacitated**: The youth has a permanent or temporary mental or physical condition that prevents him or her from participating in the outcomes data collection.
- **Incarcerated**: The youth is unable to participate in the outcomes data collection because of his or her incarceration.
- **Runaway/missing**: A youth in foster care is known to have run away or be missing from his or her foster care placement.
- **Unable to locate/invite**: The State agency could not locate a youth who is not in foster care or otherwise invite such a youth’s participation.
- **Death**: The youth died prior to his participation in the outcomes data collection.
- **Not in sample**: The 19-year-old youth participated in the outcomes data collection as a part of the baseline population at age 17, but the youth is not in the State’s follow-up sample. This response option applies only when the outcomes data collection is required on the follow-up population of 19-year-old youth.
- **Blank**: Allowed as a value only if the youth is not in the baseline population.

Required Reporting Population

- Baseline population
- Follow-up population (age 19)
- Follow-up population (age 21)
